INDEX.

A.

Abdomen, diagnosis of injuries of, 270
———, exploratory puncture of, 494
———, extirpation of organs and tumours of, 609
Abdominal surgery, elastic ligature in, 271
——— tumour, removal of an, 400
——— tumours, diagnosis of, 597
——— Listerism in, 267
Acne keloid, 266
Adhesions, pelvic, forcible elongation of, 497
Amaurosis, quinine, 616
Ammonia, carbonate of, as a stimulant, 140
Aneurism of the posterior tibial artery, 147
——— of left axillary artery, 298
——— popliteal, 299
——— elastic bandage in treatment of, 211
Angioma communicating with jugular vein, 300
Anthrax virus, action of disinfectants on, 582
Anuria, nephro-lithotomy for, 285
Aphasia, case of, 588
Arterial system, anomalies in the, 233
Asthma and mucous polyps of nose; relations between, 590
Atlee, removal of an abdominal tumour, 400
Ayres, eye diseases in diagnosis, 454

B.

Belladonna, administration of, to children, 237
Bladder, tumour of, 290, 554
——— complicating laparotomy, 502
Brain, case of lodgment of fragment of iron in, 45, 59
Breast, cancer of, Nunn on, 189
———, tumors of, removed without mutilation, 269
Brewer, carbonate of ammonia as a stimulant, 140
Browning, pathology of the Pacchionian formations, 370
Buboes, chancrous, salicylic acid in, 293
Buckler, rheumatic leucŏinoitis, 347
Burr, case of lodgment of fragment of iron in brain, 59

C.

Cæsarean section, modified procedure in, 621
——— statistics of America, defence of, 155
Calcium sulphide as an anti-suppurative, 268
Calculi in children, palpation of vesical, 289
Canaliculus, obstruction of inferior, 108
Cancer, Chian turpentine in treatment of, 553
Cardio-sphygmography in life insurance, 119
Carotid, disturbed circulation in, eye affections from, 302
Catarrh, intestinal, localization of, 258
Cerebellum, the functions of the, 569
Cervical sympathetic, physiology of the, 570
Chancres, destruction of, as a means of aborting syphilis, 294
Chancroids and chancrous buboes, treatment of with salicylic acid, 293
Chinoline, therapeutic value of, 240
Chloroform, mechanism of death from, 311
——— water, 239
Chyluria, case of, treated with benzoic acid, 263
Circulation, disturbed, eye affection from, 302
Colectomy, 603
Colon, stricture of descending, lumbar colotomy in, 273
Colotomy, lumbar, 273
Coma, diabetic, 584
Convallaria maialis, a new cardiac remedy, 576
Crothers, clinical study of inebriety, 61
Currier, eucalyptus globulus in gynæcological practice, 397
Cysts of the abdominal cavity, bursting, 500
——, laryngeal, 600
—— of mesentery, 609

D.

Dabney, treatment of empyema, 403
Dana, digestive power of commercial pepsin, 337

Daturia and hyoscyamia, experiments with, 102
Deafness, causes of among school children, 239
Diabetic coma, 584
Digestion, pancreatic, 235
Disinfectants, action of, 581
———— on anthrax virus, 582
Duodenal ulcer, obscure case of, 257

E.

Echinococcus disease in America, 475
Ectropion treated by transplantation of skin, 231
Elastic ligature in abdominal surgery, 271
—— bandage, in treatment of aneurism, 211
Elephantiasis, case of, 480
Embolism of the retinal artery, 427
Empyema, treatment of, 249, 403
Erysipelas in childbed without puerperal peritonitis, 500
Eucalyptus globulus in gynæcological practice, 397
Extra-uterine fœtation, 304
Eye, affections of the, from disturbed circulation in the carotid, 302
—— diseases from suppression of menses, 382
———— in diagnosis, 454
—— obstruction of inferior canaliculus of, 108

F.

Fallopian tube, rupture of left, 77
Fever, mild forms of continued, 387
Fibromata, multiple, of the skin, 263
Fistulous communication between gastro-intestinal canal and chest, 255
Fœtus, retention of during six years, 622
Foot, perforating ulcer of, 613
Forceps, axis traction with obstetric, 596
Foreign body in nose, orbit, and cranium, 45

G.

Gangrene of skin, spontaneous, 614
Gastro-intestinal canal, fistula between, and chest, 255
Georgia Medical Association's Transactions, review of, 542
Glaucoma, sclerotomy for, 301
Goitre, retro-pharyngeal, 248
Gonorrhœa, abortive treatment of, 610
Gynæcology, practice of, in ancient times, 508

H.

Hæmophilia, 521
Harris, extirpation of the kidney, 109
————, defence of the Cæsarean statistics of America, 155
Harrison, case of elephantiasis, 480
Hartigan, rupture of left Fallopian tube, 77
Heart, dilatation of, as the cause of murmurs, 591
——, syphilitic disease of, 253
Hip disease, diagnosis of by rectal examination, 612
Hip-joint, amputation at the, 394
Hydrorrhœa during pregnancy, 305
Hyoscin, hydriodate of, a mydriatic, 302
Hyoscyamia, experiments with, 102

I.

Indiana State Medical Society's Transactions, review of, 543
Inebriety, clinical study of, 61
Inflammation, effects of bleeding on, 242
Intestinal catarrh, localization of, 258
———— resection; double suture after, 605
Intestine, resection of, 603, 605
Iodoform, detection of small amounts of, 241
———— dressings, danger of, 577
————, poisoning by, 579, 629
Iris, movements of the, and their mechanism, 572
Isham, cardio-sphygmography in life insurance, 119

J.

Jaundice in the newly born, 261
———— pregnancy, 507
Johnston, mild forms of continued fever, 387

K.

Kidney, contraction of the, 594
————, extirpation of the, 109, 278, 281, 282, 283, 284
————, floating, 287
————, in the female, 289
————, incision of, 285
————, partial extirpation of, for pyelitis, 284
————, strumous disease of the, 606
Kinloch, aneurism of the posterior tibial artery, 147
Koogler, three human monstrosities, 129

L.

Laparo-elytrotomy, landmarks in, 303
Laryngeal cysts, 600
Leprosy, 266
————, contagion in, 433
————, inoculation of, 560
Leucöinoitis, rheumatic, 347
Life insurance, cardio-sphygmography in, 576
Listerism, value of the details of, in abdominal surgery, 267
Liver diseases to retinal affections, relation of, 618
Lumbar colotomy for stricture of descending colon, 273
Lung, primary cancer of, 252
Lupus of the vulvo-anal region, 498
Lymphatics, influence of the nervous system on the, 234

M.

Maryland Medico-Chirurgical Society's Transactions, review of, 544

McKay, eye diseases from suppression of menses, 382
Menses, suppression of, eye diseases from, 382
Menstrual fluid, retention of, in one-half of double uterus, 308
——— wave, 307
Mercury, excretion of, 574
Mesentery, extirpation of cyst of the, 609
Michigan State Medical Society's Transactions, review of, 545
Minnesota State Medical Society's Transactions, review of, 546
Mississippi State Medical Association's Transactions, review of, 547
Monstrosities, three human, 129
Monstrosity, otocephalic cyclops, 132
Morphia, convulsive properties of, 241
Mydriatic, a new, 302
Myocarditis, syphilitic, 591

N.

Neck, spasms of muscles of, 247
Nephrectomy, 109, 278, 281, 282, 283, 284
Nephritis, histology of, 157
Nephro-lithotomy on account of anuria, 285
Nephrotomy, 285
Norris, embolism of retinal artery, 427
Noyes, foreign body in nose, orbit, and cranium, 45

O.

Octerlony, pathology and treatment of scarlatina, 17
Oliver, experiments with daturia and hyoscyamia, 102
Oöphorectomy, unilateral vaginal, 309
Ophthalmia, granular, surgical treatment of, 301
Osler, echinococcus disease in America, 475
Ovariotomy in Italy, 568

P.

Pacchionian formations, pathology of the, 370
Painful pressure points, 589
Pancreas, cancer of, 519
Pancreatic digestion, 235
Parker, otocephalic cyclops monstrosity, 132
Patella, new method of treating fracture of, 296
Pepsin, digestive power of commercial, 337
Percussion sound, sub-clavicular tympanitic, 248
Pericardium, paracentesis of, 517
Peritoneum, acute hyperæsthesia of, 493
Phimosis, operative treatment of, 293
Phosphates in pregnancy, 305
Phosphorus, physiological and therapeutical action of, 575
Phthisis, artificial feeding in, 252
Pneumonia, climatic relations of, 82
Polyps of nose and asthma, relation between, 590
Polyuria and its treatment by pilocarpine, 595
Porro operation, unsuccessful, 304
Pregnancy, syphilis in, 306
Pressure points, painful, 589
Ptosis operation, a new, 615
Puerperal convulsions, treatment of, by diaphoresis, 623
———, acceleration of delivery in, 619
Pulmonary circulation, results of obstructed, 573
Pylorus, excision of, 272

Q.

Quinine amaurosis, 616

R.

Rectum, spontaneous rupture of the, 607
Relapsing fever, 244
Renal secretion, 237
Resorcine, action of, 575
——— and chinoline, therapeutic value of, 240
Respiratory nervous apparatus, the regulating, 570
Retinal artery, embolism of, 427
——— affections and liver disease, 618
Retro-pharyngeal goitre, 248
Reviews—
Adams, Lectures on Pathology and Treatment of Lateral and other Forms of Curvature of the Spine, 562
Annual Report of the National Board of Health, 180
Bourneville et Teinturier, Le Sabbat des Sorciers, 558
Brown, W. S., Clinical Handbook on Diseases of Women, 162
Bruen, Pocket-book of Physical Diagnosis, 199

Sexton, Causes of Deafness among School Children, 230
Shuter, Human Osteology, 232
St. Bartholomew's Hospital Reports, 516
Stein, A Study on Tumours of the Bladder, 554
Transactions of the American Gynæcological Society, 493
——— of the American Ophthalmological Society, 195
——— of the International Medical Congress, 521
——— State Medical Societies, 542
Treves, Scrofula and its Gland Diseases, 168
Von Tröltsch, Diseases of the Ear in Children, 549
Rheumatic leucoinoitis, 247
Rheumatism, hyperpyrexia in acute, 583

S.

Sacral tumour, congenital, 611
Saliva, changes in composition of, in different diseases, 236
Sanders, climatic relations of pneumonia, 82
Scarlatina, pathology and treatment of, 17
Sclerotomy, 617
——— for glaucoma, 301
Scrofula and its gland diseases, 168
Septicæmia, induced, in the rabbit, 69
Sexton, causes of deafness among school children, 230
Skin, spontaneous gangrene of the, 614
Sleep, normal and pathological, 571
Smith, otocephalic cyclops monstrosity, 132
Sphygmography, cardiac, in life assurance, 119
Spinal degeneration, new tract of, 246
Spleen, rupture of, 565
Splenectomy, 274
Sternberg, induced septicæmia in the rabbit, 69
Stomach, resection of the, 272, 600
Sub-clavicular tympanitic percussion sound, 248
Sympathetic, physiology of cervical, 570
Syphilis, destruction of chancres as a means of aborting, 294
——— in pregnancy, 306
Syphilitic myocarditis, 591

T.

Temperature, relation of peripheral vasomotor centres to, 234
Theca vertebralis, wounds of the, 294
Thigh, treatment of fractured, 295
Thoracic duct, tuberculosis of the, 592
Thyrotomy for foreign bodies, 598
Trichinosis, symptoms of, 246
Tuberculosis, etiology of, 243
Tumours of the breast, removal of, without mutilation, 269
Typhoid fever, observations on, 518

U.

Ulcer of foot, perforating, 613
Urine, vomiting of, 257
Uterus, displacement of, 625
———, fibroid polypus of, with partial inversion, 504
——— primary cancer of the body of, 626
———, relation of backward displacements of, 624

V.

Vagina, emphysema of the, 623
Varick, amputation at the hip-joint, 394

W.

White, contagion in leprosy, 433

Y.

Yellow fever, treatment of by permanganate of potash, 245
